

Reviewer's report for a Chapter/Article to a contributed book

Book title:

Chapter/Article title.....

Author(s)

I. Some main points to be considered

1. Is the topic of the Chapter/Article suitable for the context of the book? (yes/no)
2. Does the Chapter/Article contain a scientifically grounded material? (yes/no)
3. Is it organized and presented in a clear manner? (yes/no)
4. Are all the figures and tables necessary? (please be specific)
5. Are the references quoted properly and are they all necessary? (please be specific)
6. Does the text need improvement in grammar and syntax (please note that the corrections may be made by the language editor, as long as the text is generally understandable)? (yes/no)
7. I am willing to be identified to the authors (yes/no)
8. I am willing to read a revised version (recommended in case of major revision) (yes/no)

II. Recommendation

- The Chapter/Article can be accepted in its present form.
- The Chapter/Article can be accepted after minor revision.
- A major revision is needed and the decision will be made afterwards.
- The Chapter/Article cannot be accepted for publication.

Additional comments

III. Declaration

I declare that there is no conflict of interest that would affect my decisions in relation to my opinion specified above.
